Presenter: Beverly Kramer, Volunteer Trainer, Leader Dogs for the Blind & Mica, golden lab in last months of initial training.

- Mica is Beverly's 14th dog for training. One of her first dogs is about to be retired after more than a decade with its visually impaired person.
- Leader Dogs for the Blind began in 1939 in Michigan, which is still their HQ.
- The main training facility accommodates 300 dogs; 2 vets on staff and a geneticist; two satellite facilities in Rochester, MI and Detroit are used primarily for final training in obstacles and traffic in small and large cities.
- 20% of LDFB from Lions International; all budget is about \$12m.
- LDFB graduates about 120 dogs a year but with many dogs 'aging out' more are needed. There are about 10 certified leader dog programs in the US but LDFB is largest. They have placed dogs in 51 counties; it takes about \$39,000 per dog. Only golden and black labs and German Shepards breeds are used. LDFB uses only their certified and controlled blood lines; and about 50% of the dogs entered into initial training become leader dogs; if not used they may become 'assist' dogs, police or military dogs, or farmed out to select homes as plain old pets.
- For training, Mica was received at about 4-7 weeks and remains with Beverly for about a year. The advanced 'harness' training is in Michigan with professional trainers for traffic, obstacles, line of travel, etc., then joined up with their seeing-impaired person for matching.

- Not all matches work, recertification of the dog may be possible, but some dogs just never make it.
- All training begins with positive reinforcement programs augmented with ‘clicker’ sound to elicit and reward the correct responses. Thus there is established a strong bond with the volunteer and dog in training, but the swap to the professional for final training and then to the recipient visually impaired person is maybe more difficult for the trainer than the dog. Some dogs lose weight in the transitions but that is expected. Such a strong bond is established. A dog then remains with their visually impaired person until unable to perform the tasks expected, when a new dog is assigned. Currently there is a waiting period of at least 6 months for a new dog.
- Beverly was a speech and language teacher prior to retiring and now trains a dog full time. She is also not a coach/mentor for new volunteer LDFB trainers.
- When assigned, now a dog gets a GPS system to aid them and their visually impaired ‘owner’.
- In 1991 LDFB began a groundbreaking service – train dog guides for people who are BOTH hearing and visually impaired. The dogs are taught American Sign Language [ASL] and only very special dogs reach this level of performance – ‘they are training solely to guide safely and *not to be hearing dogs*’.

Happy Dollars

- Left over from holidays – Dick and Mary Lou Judy celebrating their 53rd anniversary and his 77th bd – cost them \$130 to the Club Foundation.
- Sara Brish – club has new FaceBook page – Rotary Club of Stevens Point – you’ll see a picture of our 1917 RI Charter on the top left. We’re gradually adding albums of photographs hopefully organized by event, time or something similar for your looking pleasure. Thanks to Sara for getting this moving and Jane Hopke, now in Memphis, TN, set up the first FB version. Log in and ‘friend us’ as well as checking ‘like’, we hope!!
- José Murillo reported that RI placed second in the United Airlines ‘miles’ competition and should be receiving a large number of free miles [worth money] toward the Polio Plus campaign – thanks to all who checked the site and logged in.

- \$5 Terry Arnold – new book now on Amazon and Kindle. You’ll have to look for *Terrell E. Arnold* – wanted to sound more official? Strange that ‘used’ is \$36.97 [more than new].

- \$5 Jim Owens – 5 happy kids all ‘made out at Christmas’ but not so sure the trash collectors were that happy with all the residue.
- \$2 Cliff King with his Packer tickets and all the touchdowns by the second string – but a win is a win.
- JD Manville
 - Great to see Paul Wachowiak, the Paper City VP/Lender working his ___ off!
 - Little plug – 1st Weber handled some \$71m last year more than all the other local companies combined! Way to go JD.
- Bob Stack – thanks to Dave Somebody.
- \$2 – Somebody – great year, even if youngest is now a fully licensed driver.
- \$5 – Kathy Trachte – just happy to make a meeting with MSTC classes over for the holidays but her Wednesday noon schedule is back on again. They are taking off for the Bahamas and well needed sun, sand and surf before the new semester starts.
- \$5 José Murillo – UWSP beats the BB Oles [whatever an Ole is? St Olaf JM]; wife Pat is an Ole! Another Rotarian reminded us that St Olaf gives a wonderful holiday program each year – you should hear one!
- Paul Wachowiak
 - Thanks to JD for the kind words
 - Neat to be back as a former member, bulletin editor, etc. WR noon is really different.

- And, especially glad his daughter Laura, a junior at UWSP could attend, though it was her idea to meet Leader Dog Mica!
- \$5 Pres Rick
 - Break at the cottage
 - Son gave a good speech
 - Will be doing a 45th anniversary contest
- Mary Williams reminded us that she continued the tradition of donating a \$1 for each birthday and anniversary – a tradition for the club that she started many years ago [just after the ice age ended]

The 4-Way Test

Adopted by RI in 1943

Of the things we think, say or do ---

- 1 - Is it the TRUTH?
- 2 - Is it FAIR to all concerned?
- 3 - Will it build GOODWILL and BETTER FRIENDSHIPS?
- 4 - Will it be BENEFICIAL to all concerned?
